1981

CURRENT EVENTS

CLOSE-UP OF SATURN - An unmanned spacecraft named Voyager I sailed past Saturn, sending us photos of a previously unknown planet.

LANDSLIDE VICTORY - After 12 years of trying, Ronald Reagan harnessed a time-for-change

conservatism and swept Jimmy Carter out of the White House with a surprise landslide at the polls.

LAS VEGAS CASINO BURNS - The second worst hotel fire in U.S. history killed 84 and injured 500 at the MGM Grand Hotel. The fire alerted people to the fact old fire safety controls may not be keeping pace with fire control problems in high-rise buildings.

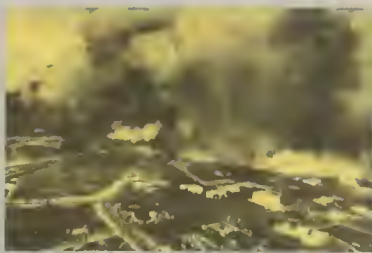

GOLD MEDALIST - At the Winter Olympics in New York, Eric Heiden captured five gold medals in an unprecedented sweep of the men's speed skating events.

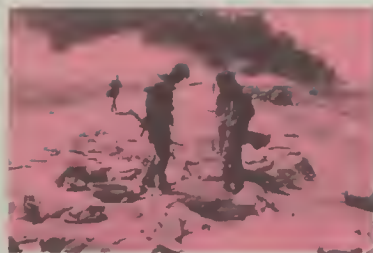

DURANTE DIES - Jimmy Durante parlayed his big nose and sunny affability into a 60-year career spanning entertainment all the way from vaudeville to television. He was 86.

BASEBALL'S TOP HITTER - Kansas City Royals third baseman, George Brett, wrapped up the season with a phenomenal batting average just short of .400 and was voted the A.L.'s most valuable player. His team lost the World Series to the Philadelphia Phillies.

BRUSH FIRES - A wall of fire headed toward the campus of California at San Bernardino — one of several brush fires that raced through Southern California, destroying over 30,000 acres and over 100 homes.

IRAN, IRAQ DECLARE WAR - Iran became sufficiently weakened by worldwide repercussions over the seizure of the American Embassy and became a feasible target for neighboring Iraq.

BAILING-OUT CHRYSLER - President Carter shook hands with Chrysler Chairman Lee Iacocca in May after signing a \$1.5 billion federal loan to keep the nation's third largest auto-

maker afloat. When their 1981 line didn't sell as predicted, the corporation started looking for further federal generosity.

GIVE PEACE A CHANCE - The hopes of a generation were summed up in John Lennon's poetic lyrics. The former

Beatle was shot and killed on the steps of his New York apartment, causing a worldwide outpouring of grief.

WHO SHOT J.R.? - Over 83 million Americans turned on their TV's one Friday night in November to find out who shot J.R. Ewing, the dastardly double-dealer of CBS' "Dallas." The episode had the highest ratings in television history.

SCHOOL BOARD

To the Class of 1981:

Each year for the past several years, members of the Senior Class paint a mural on the press box. This year, members of your class painted a mural somewhat abstract in content and meaning. The expression "Close to the Edge" highlights the mural.

The expression "Close to the Edge" would ordinarily connote something negative. However, in this case, it is positive, for the members of the Class of 1981 are at the edge, not for a leap into uncertainty, but for a leap into a bright future. In spite of what is going on in the world today, be assured tomorrow will be bright. You must help make it bright by your actions. You must replace the hate in the world with love; passivity with energy; and ignorance with knowledge. This is your challenge.

William C. Capriotti

SAMUEL ALFONSI

So live, that when thy summons comes to join
The innumerable caravan, which moves
To that mysterious realm where each shall take
His chamber in the silent halls,
Thou go not, like the quarry slave at night,
Scourged to his dungeon, but, sustained and smoothed
By an unfaltering trust, approach thy grave,
Like one who wraps the drapery of his couch
About him, and lies down to pleasant dreams.

JIMMY ANDERSON 1964-1980

Jimmy Anderson, who was known by his friends as Immer, was liked by all. He was easy to get along with and had many attributes. He was more than a friend in many ways. When a friend needed help, he was always there to do his part. He always made a problem easier to cope with in a way no one else could. Jimmy tried his hardest at everything. No matter how hard the job was, he gave his all. We will remember Jimmy for this and all the fun memories he left behind. The memories will keep us strong for our friend, Jimmy Anderson, will remain in our hearts and minds forever.

Congratulations to
the Class of '81

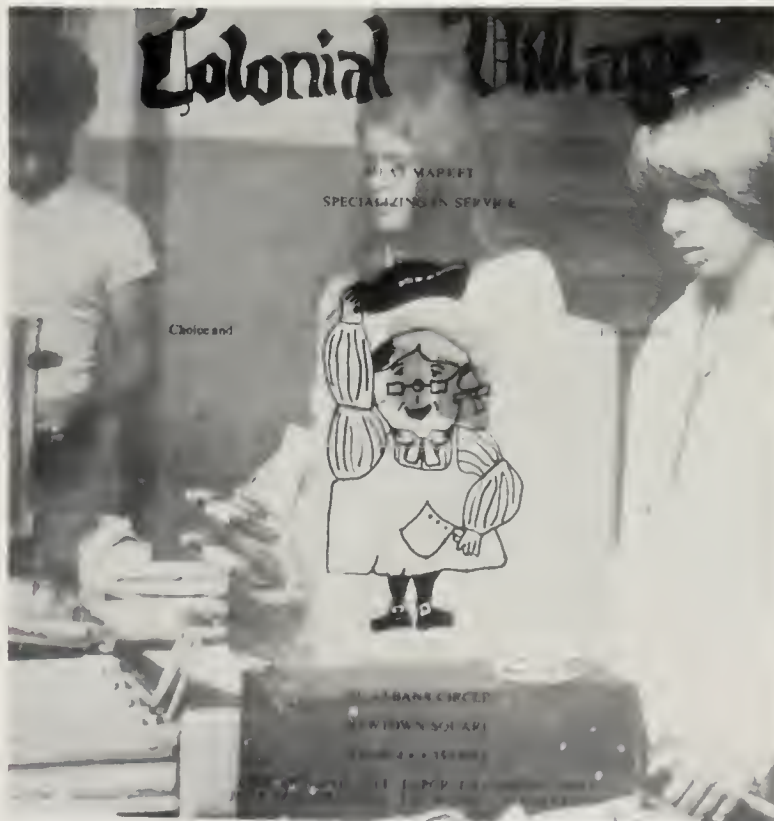

The Student Center.

Going to McDonald's® is almost as much a part of school as going to class. You've made us the place to meet, to talk, to have a good time, to celebrate your victories and help forget defeats. You've made McDonald's more than just another place to eat. And that's why, at McDonald's, Newtown Square, we wish each of you good health and much success.

VIDEON CHRYSLER - PLYMOUTH

CURRENT EVENTS

MOUNT ST. HELENS - With a blast comparable to the largest H-Bomb ever tested, Mount St. Helens erupted on May 18. Despite all the warnings, 32

people died and a paralyzing blanket of gray soot dropped over cities, farms and highways as far east as Montana.

THIRD CANDIDATE - Although John Anderson won only a small percentage of the popular vote in the presidential election, he stressed that his campaign was not wasted. "We have put the major parties on notice that they can never again come up with the kind of choices they have this year."

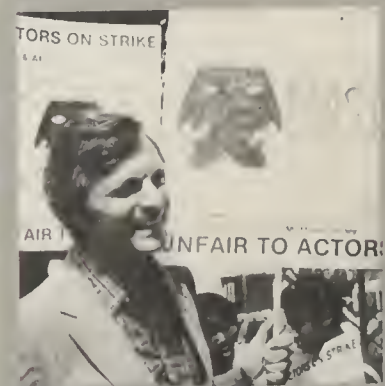

POLISH UNREST - Poland's striking workers brought down the government and dangerously provoked the Soviet Union.

Wide World Photos

REFUGEES FLOOD FLORIDA - In a little more than two months, 110,000 Cubans descended upon the United States. The sudden influx forced Florida's governor to declare a state of

emergency. Cuban President Fidel Castro claimed it was to teach the U.S. a lesson for welcoming Cuban hijackers as heroes.

TELEVISION STRIKE - Over 1,200 actors went on strike demanding compensation for videocassettes and cable TV. The long-winded strike lasted several months, delaying the new fall programs.

HOCKEY VICTORY - For the first time in 20 years, the American hockey team won the hockey gold medal, defeating

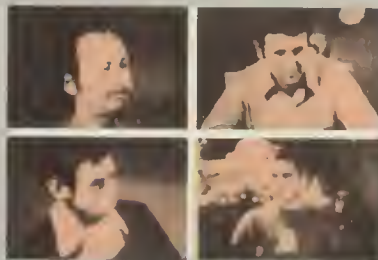

the world champion Russian team. The American team had only been playing together for five months.

'SHOGUN' FEVER - The 12-hour television mini-series captured rare top ratings for NBC. Richard Chamberlin played the lead in the story about 17th century Japan.

BORG WINS, AGAIN - Sweden's Bjorn Borg falls to his knees after beating John McEnroe of the United States to the All England Tennis Championship for the fifth straight year at Wimbledon.

THE RELEASE OF THE HOSTAGES -

A surge of relief, joy and patriotism swept the country when the hostages were released from Iran after 444 days in captivity on Jan. 20, inauguration day.

ACTOR DIES - Peter Sellers, a mastermind of disguise, played a variety of characters and was lovable in them all, from Inspector Clouseau in the "Pink Panther" films to Chauncey Gardiner in "Being There."

THE ABSCAM TRIALS - Two of seven Congressmen involved in the ABSCAM trials are shown arriving at Federal Court with their wives to deny charges that they accepted money in exchange for political favors from an FBI agent, posing as an Arab sheik.

OLYMPIC BOYCOTT - Beauty and pageantry couldn't hide America's absence from the Summer Olympic Games in Moscow. A number of

countries boycotted the Games to protest the Soviet invasion of Afghanistan.
